Team Geek A Software Developers Team Geek is a perfect read for every software engineer, no matter whether working in a big or small company. The book revolves around authors' careers as a software developers and later as a team leads/managers. As the authors' careers, the book also progresses from team work to managing people (a lot on that). Team Geek: A Software Developer's Guide to Working Well ... Personally, I don't like the title 'Team Geek' because in my humble opinion, not all geeks are software programmers, and not all software programmers are "geeks" in the colloquial sense. If you ignore that bit,
